Logging On

When you launch the application, the first screen you see is the logon screen.

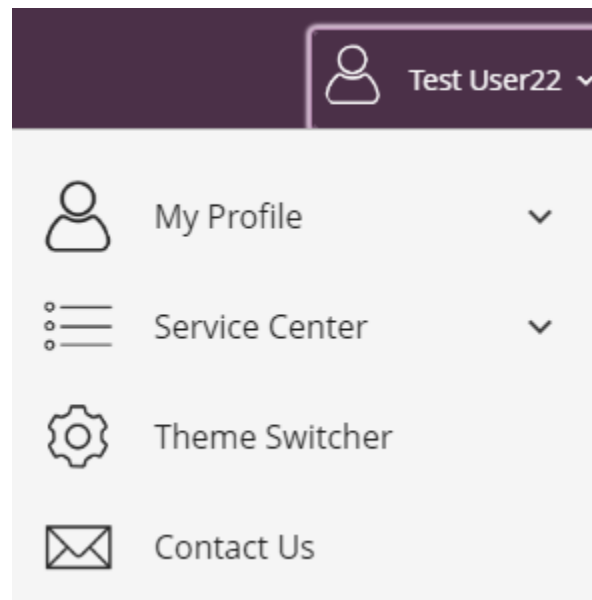

- Enter your User ID and password then click Log In.

After logging in, you will land on the home page which provides access to all areas of the system.

The image shows the UNIBANK online banking login interface. At the top, the UNIBANK logo is displayed in purple. Below it, the text "Welcome to Online Banking" is centered. There are two input fields: "User ID" and "Password". Below the password field is a checkbox labeled "Remember me". A dark purple button with the text "LOG IN" is positioned below the checkbox. At the bottom, there are four links: "Forgot User ID?", "Forgot Password?", "Enroll in Personal", and "Enroll in Business". Below these links are three circular icons: a person with a plus sign labeled "Open An Account", a location pin labeled "Locations", and a telephone handset labeled "860-555-1212".

User ID Menu

The User ID Menu allows you to manage your information in one convenient location.

The Service Center menu allows you to:

- Stop payments on a check
- View Stop Payment History
- Create and Manage Alerts
- Manage ATM/Debit Cards
- View eStatements
- Access Quicken/QuickBooks
- Manage Account Nicknames
- Manage Users, Export User Entitlements and Review User Activity

The My Profile menu allows you to:

- Manage Profile
 - Update Information (Email address, Mailing Address, Phone Number, User Activity)
 - Security Settings (User ID, Password, Security Questions)

Contact Us allows you to send Secure Message to UniBank.

Users

Select Service Center, then Users. Existing users will display in a list.

Edit a user by selecting the [pencil icon](#).

Edit user entitlements by selecting the [key icon](#).

Delete a user by selecting the [trash icon](#).

RSA Tokens

An RSA token is required to enable the user to access the Wires and ACH menus of UniBank's Online Banking system. Your token, together with a PIN, will allow you to securely access both the ACH and Wire functions of our Online Banking system.

If your organization has multiple users, each user should have a unique token.

When ACH or Wire tab is selected, you will need to enter your 4-digit PIN followed by the 6-digit token value that is being displayed on your token at that time. (NOTE: the token value will change every minute. There is a time countdown indicator on the left-hand side of the display.)

RSA Token Security Prompt

To protect the security of your information, your financial institution requires authentication of your identity before allowing access to this feature. Please enter token PIN followed by the 6 digit token code.
